This is a petition for police protection. According to the petitioner, striking workers are causing trouble for the smooth functioning of the factory. An interim protection was granted for giving adequate protection for the smooth functioning of the factory and it was also directed to see that ingress and egress of the petitioner's factory by employees, customers, management staff and willing workers are not obstructed. Counsel for respondents 5 to 7 Unions submitted that matter was settled and there is no strike in the factory. That submission is recorded. In any event, even if there is any strike police to see that law and order is maintained and work of the factory should not be obstructed and ingress and egress of willing workers, customers etc. should not be obstructed. Even though unions can make any peaceful demonstration but it

should not be inside the factory or 100 metres near the gate of the factory so that ingress and egress to the factory is not obstructed. With the above direction this writ petition is disposed of.
